Warranty Info:

Invacare warrants the frames and forks when purchased new and unused to be free from defects in materials and workmanship for a period of three (3) years from the date of purchase from Invacare or a dealer, with a copy of the seller's invoice required for coverage under this warranty. Invacare warrants the upholstered materials (seat and back) and remaining components of this product when purchased new and unused to be free from defects in materials and workmanship for a period of thirteen (13) months from date of purchase from Invacare or a dealer, with a copy of the seller's invoice required for coverage under this warranty.

DEFINITIONS:	
Top End Force NRG Frame:	The completely redesigned Force NRG Handcycle frame is lightweight and designed for 20" rear wheels. A carbon fiber seat pan and backrest designed to improve shoulder positioning and a lower center of gravity provide efficiency and power.
Top End Force NRG Fork:	NEW Power-Arc Fork features a single main beam and double wishbone for front wheel stability on the upper and lower chainstays. Weighing in at only three pounds in a standard configuration, the Power-Arc Fork is our lightest fork design yet. Every Force NRG Handcycle fork is subject to strict quality testing.
Drivetrain:	Elite cyclists will appreciate the drivetrain and gearing characteristics designed specifically for SRAM® eTap Wireless Shifting and double chainring options. The improved drivetrain also features Hybrid ceramic bearings pressed into a machined aluminum shell that adheres to the fork for smooth and lightweight cranking. To keep the bearings seated, a wavy washer is also used to apply a small axial load. The redesigned crankset assembly allows for the Force NRG Handcycle's chainline and derailleur post are made according to SRAM specifications. No compromised shifting!
Assembled vs Unassembled and shipping:	If TE10046 (Unassembled) is selected the bike will require about 60 minutes of assembly upon delivery (instructions provided). If TE10047 (Assembled) is selected the bike will be fully assembled upon delivery. Shipping rate is \$150 for all shipments in the continental US. Freight quotes for shipments outside the continental US are available upon request.
